SUBJECT: Review of NTIA's Organizational and Pre-award Processes for
Broadband Technology Opportunities Program

We are preparing to review the Broadband Technology Opportunities Program (BTOP). The objectives of the evaluation are to (1) assess how effectively NTIA is implementing the BTOP program, including management controls, contractor oversight, and program office staffing; (2) evaluate the proposal pre-award review measures that NTIA is taking to ensure an effective and fair application and award process; and (3) evaluate the integrity and reliability of the on-line application system.

Our evaluation will be conducted at NTIA's headquarters in Washington, D.C., and at other locations as needed.

We have scheduled an entrance conference for Wednesday, September 2. Should you have any questions regarding our evaluation, please contact either Ann Eilers at (202) 482-4328, or John Bunting at (202) 482-0639.
