MEMORANDUM FOR: Lisa Casias
Acting Executive Director
First Responder Network Authority

FROM: 
Arthur L. Scott, Jr.
Assistant Inspector General for Audit and Evaluation

SUBJECT: Audit of FirstNet Authority's Nationwide Public Safety Broadband Network Device Connection Targets (#2022-427)

We are initiating an audit of the First Responder Network Authority's (FirstNet Authority's) oversight of the Nationwide Public Safety Broadband Network. Our objective is to determine whether FirstNet Authority is ensuring that AT&T is achieving the desired results for device connection targets for each state and territory.

We plan to start this work immediately. We will contact your audit liaisons to schedule an entrance conference, at which time we will discuss in further detail the specific nature of our audit—including our objective and scope, time frames, and any potential needs for us to be provided data. If you have any questions about this audit, please contact me at (202) 577-9547 or Analee Striner-Brown, Director for Telecommunications, at (202) 893-8759.

We thank you in advance for your cooperation during this effort.
